This calendar is a suggestion of activities you might want to utilize with the youth in your program. You can certainly change things up.

The Icebreaker Activities can be utilized each day. There are enough different ones included.

Please use “Every Monday Matters” activities which are attached to this calendar.

* Please find the links to the books in the lesson plan.

Lesson plans are organized around topic. For example, all of the Ice Breakers are in one document. The reading, math, Every Monday Matters, Art, Engineer, etc. activities are organized by topic rather than date, although the title of the suggested activity is listed on the calendar, you may choose to reorganize the activities.

On the three Tuesdays which have two books for the youth to listen to, there is also an activity for them to do. Together the books and the activity should take about an hour.
